

Cyber Safety & Data Security Compliance for K-12 Schools

Regulatory Compliance for Schools using Google G Suite & Microsoft Office 365

Meeting federal and state compliance regulations is a challenge for K-12 IT teams. Compliance visibility and control is lost when their district moves to cloud data storage and communications.

Close cyber safety and data security compliance gaps in your district's cloud environment

If your schools are using Google G Suite or Microsoft Office 365 without a cloud monitoring tool you're vulnerable to cyber attacks and compliance gaps.

Federal Regulatory Compliance for K-12 Schools

- Health Insurance Portability and Accountability Act (HIPAA)
- Children's Internet Protection Act (CIPA)
- Family Educational Rights and Privacy Act (FERPA)
- Children's Online Privacy Protection Rule (COPPA)
- Federal Tax Information (FTI) compliance
- Civil Rights Act

Benefits

- Easy to use, fast implementation
- Out-of-the-box and customizable compliance auditing and reporting
- Compliance, safety, and security monitoring on any device, from any location
- Gain visibility into data access and use in G Suite and Microsoft 365
- Detect discriminatory, explicit, and other harmful content in text and images in Gmail, Google Docs, Chat, and more
- Top-rated customer tech support

ManagedMethods' cybersecurity and safety solution provided us a level of visibility we needed to ensure the security and safety of our students and staff. The platform was quick to deploy and gave us immediate insights."

Steamboat Springs School District

Data Security

Data loss prevention for sensitive student, staff, & district data stored in G Suite & Microsoft 365

Threat Protection

Detect phishing & malware attacks in G Suite & Microsoft 365 email & drives

Monitor & Audit

Automated security & behavior monitoring & remediation 24/7/365 with simple reporting

Cyber Safety

Detect self-harm, cyberbullying, abuse, discrimination & explicit content signals

Committed to Student Data Privacy

ManagedMethods does not store or access your staff and student data except when authorized by you in the context of a support ticket. All support access is logged and tracked. The entire ManagedMethods support team is background checked.

Where Are Your Security & Compliance Gaps?

Features & Functions	Managed Methods	Content Filter	Campus Safety Management
FERPA, COPPA & CIPA compliance	●	●
